Kuala Lumpur, Malaysia

SUMMARY

A motivated Junior .NET Developer with one year of hands-on experience in building and maintaining microservices and BFFs (Backend for Frontend). Skilled in using SSMS, EF Core migrations, JIRA, SonarQube, GitHub, Postman, and Hangfire for job scheduling and background tasks. Proficient in implementing unit and integration tests, developing endpoints, configuring microservices, and designing Identity Services and caching solutions. Experienced with clean architecture principles to ensure maintainable, scalable applications. I focus on delivering high-quality code while collaborating effectively in agile teams, contributing to the development of robust, efficient software solutions. Passionate about continuous learning and improving technical skills to drive team success and product excellence..

EXPERIENCE

Junior .Net Developer **Dec 2024 - Present**
***Etiqa under Tentacle SSO**, Bangsar Kuala Lumpur*

- Actively involved in the **EaSE Regional Banca Revamp Project** for Etiqa MY, Etiqa Cambodia, and Etiqa Philippines, with the project officially starting at the end of December 2024.
- **Developed BFFs and microservices from scratch** to enable efficient and scalable communication across regional platforms, ensuring a solid foundation for the project.
- **Refactored legacy code** for various microservices to improve performance, enhance code readability, and ensure easier maintainability in the long term.
- **Created and maintained databases** using SSMS and EF Core, ensuring accurate data population, seamless integration, and ongoing database management across multiple systems.
- **Focused on enhancing and developing microservices**, with an emphasis on building and improving BFFs using clean architecture that will connect all microservices across Malaysia, Cambodia, and the Philippines, streamlining communication and business processes.

.Net Developer Protege **April 2024 - Nov 2024**
***Etiqa Berhad under Maybank**, Bangsar Kuala Lumpur*

Bank Recon for Etiqa MY:

- **Developed endpoints** to query data and input new data into the database, ensuring smooth and efficient data management.
- Created **endpoints to generate PDF and Excel reports**, enabling seamless document generation for users and stakeholders.

E-Invoice for Etiqa MY:

- **Created various endpoints** tailored to e-invoicing and data visualization, improving the speed and accuracy of invoicing processes.
- **Implemented unit tests and integration tests** to ensure the reliability and functionality of developed features.
- Contributed to the development of the project with a focus on **clean architecture and workflow**, ensuring maintainability and security, including the secure transmission of e-invoices to IRBM.
- Gained **hands-on experience with Identity Service** and **JWT tokens**, implementing secure user authentication and authorization for e-invoice generation.
- Utilized **Hangfire for background jobs**, automating the e-invoice generation from text files sent by the core system, performing thorough data validation and ensuring successful file processing.
- **Maintained databases** in SSMS using EF Core, ensuring smooth database operations and management across the project.

Resident Engineer Intern **Mar 2023 - June 2023**
***CTC Global Sdn Bhd**, Petaling Jaya Selangor*

- Deployed at Menara UOB 1, UOB Intermark, and UOB 1Powerhouse.
- **Performed Preventive Maintenance**, including installing new and updating existing software, and troubleshooting devices for UOB staff to ensure smooth operation and minimize downtime.
- **Handled deployment and configuration tasks**, setting up and configuring new laptops and PCs to align with the financial institution's standards and meet staff needs, before delivering the devices to the end-users.

EDUCATIONS

Bachelor's Degree in Computer Science (HONOURS)
Universiti Teknologi MARA (Jasin, Melaka)
CGPA: 2.90 **Nov 2024**

Diploma in Computer Science
Universiti Teknologi MARA (Raub, Pahang)
CGPA: 3.04 **Jun 2021**

CERTIFICATES

- Microsoft Certified Associate 2023
- Microsoft Certified Azure Fundamentals 2023
- Microsoft Certified Azure Data Fundamentals 2023
- Microsoft Office Specialist (Excel) 2023
